

### Traffic Patterns are Changing

Starting Monday 1/9/23 please be prepared for traffic patterns to change. All cars will need to merge into one lane before they reach the curb near the building.

This will reduce unpredictable driving as families try to get to the curb to drop off their child.

Please merge at the bend in the drive through and then pull up as far as possible to maximize the number of cars letting students out at one time along the curb.

All children need to be ready to exit the car BEFORE you get to the curb.

Use the other lane to exit the drive through AFTER dropping off your child.

Please remember, you must turn right as you exit the drive through. This keeps traffic flow moving for everyone.

Begin Merge Here

Use both lanes as you enter

### No Left Turns

During Pick Up and Drop Off

Cars must turn right to keep the traffic flow moving.

Traffic signs are posted and will be enforced.

Right Turns Only

Beginning Monday 1/9/23 cars will need to merge before they reach the curb near the building.
